Southern Pines, NC

The FEW is an adventure based outreach program designed to reach Exceptional Warriors. Our program strives to inspire change in the Exceptional Warriors' perceptions, decrease their feelings of helplessness, and get away from the idea that they are alone.

The FEW (The Foundation for Exceptional Warriors) was founded by former Special Operations Warriors to assist in the healing process of the veterans and families of those wounded in combat, those recognized for acts of valor and the Special Operations Forces; regardless of era, by providing free therapeutic recreational and sporting events to enhance their mental and physical health to better allow for successful reintegration.
